

New in Technology for Fall 2019

- Adobe Creative Cloud, as well as other free and reduced-cost software for students:

<https://hsu.link/software>

Creative Cloud home use: Students - \$40 a year

- HSU Virtual Lab provides on & off-campus access to software. <https://vlab.humboldt.edu>

- Zoom provides easy to use video conferencing for interviews, team projects and more. Available at <https://humboldtstate.zoom.us>

- Chromeboxes are available within Library labs and Chromebooks can be checked out at the Library circulation desk.

Chromebooks are a low-cost computer option! Run complex or expensive software in our Virtual Lab at <https://vlab.humboldt.edu>

- Google Drive has been enhanced to allow easy access, sharing, and collaboration.

Filesharing information: <https://hsu.link/filesharing>

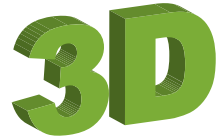

- Look for HSUConnect to get connected to wifi. <https://hsu.link/guestwifi>

- Help us test mobile printing in the Library! Look for signs by the Chromeboxes on the 2nd floor. iOS & Android apps available in Spring.

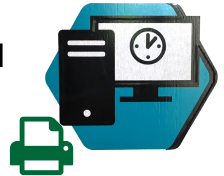

- Free 3D printing in the Library coming soon with additional student job opportunities. <https://hsu.link/makerspace>

- Lab schedules and computer availability: <https://hsu.link/computerlabs>

- We're adding more Print Kiosks: ScienceA 364, Behavioral & Social Sciences B - Lobby, and color printing in Founders Hall (NW Corner/First Floor) <https://hsu.link/print>

- Virtual Linux (VLinux) access for faculty and students. <https://hsu.link/vlinux>

- Extra technology assistance is available on the first floor of the Library during the first two weeks of the term.

- We are listening and responding to feedback from the recent Student Satisfaction with Technology survey.

Let us know about your experience with IT services and cost-saving devices in the Library: itfeedback@humboldt.edu
