

The Leadership Team for Strategic Data Use on campus would like campus stakeholders to complete the following survey to better understand current uses and needs. The responses will be used to inform the team in setting priorities, policies, and resources going forward. The survey has been designed to ensure the comments you provide will be confidential. A confidential survey provides information that we can use to aggregate survey data without sharing any specific comments made by you.

Thank you for sharing your responses with us.

***Do you use campus data resources in the fulfillment of your job duties?**

☐ Yes

☐ No

Are there any data resources that you would like to have available to fulfill your job duties?

Which general data categories do you currently use or need on a regular basis (Select all that apply)
