Laptop Troubleshooting

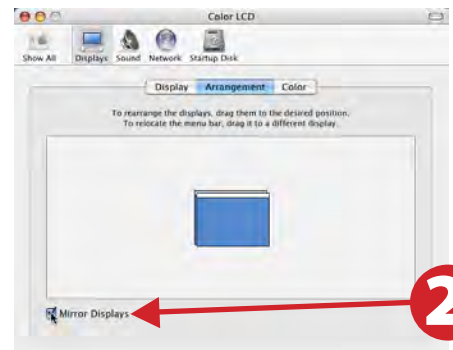

For PC Laptops: Depending on your model of laptop, you may need to toggle the display mode. For example, on many laptops, you must hold down the **function key (FN)** located in the lower left-hand corner of the keyboard, and at the same time, press the **video toggle key**, which is located along the top of the keyboard. Look for the text **CRT/LCD** or an icon of a **display and a laptop**.

Examples of video toggle keys

For Mac Laptops:

- 1) Go to **System Preferences/Display**.
- 2) Select the **Arrangement** tab and check the **Mirror Displays** box.

Powering Down the System

- 1) Obtain the **Epson remote**, and point it at the projector on the ceiling. Press the power button to shut down the projector.
- 2) Power down Computer

Windows

Start Menu -> Shut Down ->
Click OK
